December 9th

Upon the petition of the French people at Gallipolis, unanimously resolved that fractional miles square number twenty eight & thirty four of the third Township of the fourteenth range be offered to them at one dollar & twenty five cents per acre,

December 14th

Resolved that the Superintendent of surveys be directed to make up the eight acre lots, house lots & one hundred & sixty acre lots, which are still deficient, so as to complete each of said divisions to the number of eight hundred and seventeen lots in the following manner:

For city or house lots he will lay out the unappropriated land lying on the northeast bank of the river Muskingum from the place where the Ministry line, so called intersects it & so far up said river as will reach the eight acre lots.

Resolved unanimously that the Superintendent reserve out of such appropriation as great a width on said unappropriated land as the present reserve of the squares for Campus Martins, and from thence to the river, } This piece of land is reserved for a landing place or common forever.

Resolved unanimously that he be also directed to appropriate for the future draughts two house lots, which were reserved in square eighteen; And to divide a small square called Bake. house hill into two house lots.
